

Stuart Scobie

LANDSCAPE ARCHITECT

## QUALIFICATIONS

Bachelor of Landscape Architecture, University of Canberra (1988)

Certificate IV – Carbon Management, Carbon Training International (2012)

## BACKGROUND

Stuart joins Edmiston Jones with over 25 years of professional experience as a Landscape Architect, working in both the public and private sectors in Australia and the U.K. Stuart has been involved in projects ranging from domestic design through to large scale commercial / industrial projects including recreational area planning and National Park design.

In addition to working for State and Local Governments, Stuart was the Principal of his own private practice on the NSW South Coast for over 12 years, specialising in renewable technology, resource management and planning.

Stuart's passion for sustainability and his extensive experience in landscape design brings valuable knowledge to the Edmiston Jones team.
